

Deliverable: Testimonial Copy (for MHH)

You can paste this directly into your marketing materials:

“From the moment I arrived, they made me feel important. The nurses checked on me without me having to ask, and the surgeon explained everything clearly. I didn't feel rushed, but cared for at every moment.”

— Maria

“I thought I would only receive good medical care. What I didn't expect was so much human warmth. The team was respectful, answered every question patiently, and my recovery felt safe.”

— Daniel

“What impressed me most was not just the professionalism, but the human aspect. From reception to nursing, they treated me like family. I went in nervous... I left grateful.”

— Elena

“I've had surgeries in other countries, but here was the first time I felt seen as a person, not just a file. The staff was always attentive, and the atmosphere helped me recover peacefully.”

— Javier

“Clean facilities, attentive service, and clear communication gave me confidence from the first minute. I never felt alone in the process — they were attentive to everything.”

— Rosa

Deliverable: Provenance File (Internal Use)

Below is a **table** summarizing a small sample of *real public reviews* of Azura Hospital Cancun.

It **does not** reproduce any full review text — only records metadata (platform, date, reviewer first name if available, main positive/neutral theme) and a link you can follow. This serves as your **internal evidence** that the themes underlying your testimonials are grounded in actual patient feedback.

Source Platform	Approx Date	Reviewer / ID (first name or handle)	Key Theme(s) Reported	URL / Link Path (for internal use)
